GALE & COSM EMULSIFIERS, WATER SOLUBLE AND DISPERSIBLE OILS

COSMOS
APPROVED

OLIVE OIL

OLIVE OIL is the best known and most commonly used vegetal lipid in the food and diet industries due to its extraordinary nutritional and salutary properties. Its composition is similar to the natural human sebum.

HEMP SEED OIL

HEMP SEED OIL has unexpected benefits for the skin thanks to the Essential Fatty Acids content (75%), especially omega-6 and omega-3 and Vitamins:

ARGAN OIL

ARGAN OIL, the so called “liquid gold”, is extremely rich in beneficial **nutrients including fatty acids and vitamin E**. Its properties make it particularly beneficial for the hair and skin.

AVOCADO OIL

AVOCADO OIL is rich **in omega-3 fatty acids, Vitamin A, D and E**. It has **nourishing, moisturizing, anti-inflammatory properties** on the skin accelerating wound healing.

MANGO BUTTER

MANGO BUTTER is a rich natural fat derived from the seeds contained inside the pits of the Mango fruit. It is rich **Oleic Acid, Stearic Acid, Palmitic Acid, Linoleic Acid, Arachidic Acid**, Vitamin A, Vitamin C, and Vitamin E. It gives long-lasting emollience, nourishes skin and boosts its elasticity as well as its suppleness, making skin look smoother and firmer.

EMULSIFIERS

O/W EMULSIFIERS

PRODUCT NAME	INCI NAME

Snail secretion filtrate, active ingredient rich with **moisturizing, exfoliant** and **healing properties**.

Allantoin
Elastin
Collagen
Glycolic acid
Vitamins
Essential amino acids

GALE & COSM ORGANIC CERTIFIED BREEDING FARM

Gale & Cosm snail breeding farm is located in **Tuscany**, on a open air territory and covers an area of 5000 square meters.

The breeding farm has an organic certification.

The snails live outdoor, in their natural habitat, without coverings. They are fed with selected, rich and varied vegetables (**non-GMO**), for a natural and complete nourishment.

Slime quality depends on environmental conditions, on the quality of food the snails eat, how they are kept and how the slime is extracted.

Gale & Cosm snail breeding farm applies a gentle and **no-stress method for slime production**.

BENEFITS ON SKIN

- Skin hydrating and well-being
- Exfoliant, renewing, brightening
- Nourishing
- Oxygenating
- Healing, anti acne

COASTAL TROPICS

SPRING SUMMER 2021

Warm vs. cool, matte vs. semi-matte, all color tones are allowed. Consumers both young and old can appreciate synthetic shades as they resonate virtual worlds. Cheeks are lightly tinted with our cream to powder formulation comprised of Optique Satin Red and MicaMira VRO27. This same formulation can also be applied to the eye lids for a sheer coating. To draw more attention to the cheeks and lip for a monochromatic look, Chromatique Starlight Chestnut Brown, Fiesta Carnation Pink (NEW) and Ecoperse White combined, give a flushed appearance. Lips have a lilac appearance with gold tones delivered by our Synthetic based Sachet MV Gold. To optimize color, pressed powders in a split pan allow wearers to choose a pastel orange with Fiesta Corona Sunset Orange and Fiesta Red Rouge or an intense blue formulated with Sachet Brilliant Blue and Mystic Aquatic Blue. An array of highlighted pigments were utilized for nail polish finishes: Sachet MV Blue/SynMira Blue RVB; Smokey Vintage Blue/Fiesta Sharp Violet; Fiesta Emerald Coast/Fiesta Sharp Blue; Sachet MV Blue/SynMira Shimmer VRO8987; Illumina Yellow.
